Prachit Bagade

C++ Developer | 4 Years Experience | OOP | STL, Multithreading |
Memory Management | Linux | System Programming | Python | AWS
| MongoDB | Airflow

Pune District, Maharashtra, India

Summary

C++ Developer with 4 years of experience in designing, developing, and maintaining high-performance applications on Linux and Windows platforms. Strong foundation in Object-Oriented Programming, STL, multithreading, memory management, and system-level debugging, MongoDB, AWS. Experienced in writing clean, modular, and maintainable code following best software engineering practices. Comfortable working in Agile environments, participating in code reviews, unit testing, and performance optimization. Passionate about system programming, problem-solving, and continuous learning in modern C++.

Experience

NielsenIQ

Software Engineer

May 2026 - Present (5 months)

Pune City

As a Software Engineer in the Media Management team, I work on C++ and Linux-based applications, contributing to the development and maintenance of scalable software solutions. My responsibilities include implementing features, debugging complex issues, optimizing performance, and collaborating with cross-functional teams to deliver reliable and high-quality products.

Capgemini

3 years 6 months

Associate Software Engineer 2

January 2025 - May 2026 (1 year 5 months)

India

Develop and maintain C++ applications using modern C++ standards.

Implement multithreaded modules and optimize performance.

Participate in code reviews and unit testing.

Debug complex issues using Linux tools and IDE debuggers.

Collaborate in Agile teams to deliver reliable software solutions.

Associate Software Engineer 1

January 2024 - December 2024 (1 year)

Pune District

Analyst

December 2022 - December 2023 (1 year 1 month)

Mumbai, Maharashtra, India

Education

PES Modern College of Engineering

Bachelor of Engineering - BE, Electrical and Electronics

Engineering · (2019 - 2022)

Government polytechnic yavatmal

Diploma in electrical engineering, Electrical and Electronics

Engineering · (2016 - 2019)
